PROFILE INFO

I am a passionate Computer Science student with a strong love for electronics and coding. Currently pursuing my BTech in Computer Science, I am driven to apply my technical expertise and creativity to develop innovative solutions and impactful projects.

EDUCATION

2024 - 2028

LOVELY PROFESSIONAL
UNIVERSITY

- Bachelor of Technology -
Computer Science and
Engineering

2025 - 2029

GHSS PERUVALLUR

- HighSchool
- Percentage : 89%

SKILLS

Languages : HTML

,CSS,JAVASCRIPT,C,C++

Frameworks : HTML ,CSS

Tools/Platforms:

ONSHAPE,FUSION360,TINKERCAD,
UM CURA

SoftSkill : ADAPTIBILITY ,PROBLEM
SOLVING SKILL

LANGUAGES

- English (Fluent)
- Hindi (Fluent)
- Malayalam (Fluent)
- Arabic (Basic)

PROJECTS

Posture Tracker Device

2024 - PRESENT

- A device that tracks our posture and it gives warning vibration when posture gets wrong, and also we can access some data with its own software
- Used esp32 module and mpu6050sensor
- Build webapp using html , css , javascript , c++

Stun gun with variable voltage

2021

- Fully functional stun gun with a dedicated safety switch
- Its body was 3d printed by pla plastic filament with a very convenient design
- Controlled its output voltage by changing input voltage by a potentiometer
- Used high volatge transformer and a voltage multiplier circuit
- Used li-polymer batteries for high power and less storage space
